## **REASONS FOR ALLOWANCE**

The following is an examiner's statement of reasons for allowance:

Regarding claims 1, 19, 37 and 55, Prior Art fails to disclose determining a loss length statistic for the first node from at least the determined lengths and incorporating the loss length statistic in a routing table in combination with other limitations set forth in the respective claims. In light of the specification, the loss length statistic is incorporated in the routing table enabling subsequent routing to be improved because the resulting routing table will include a QoS metric for the burstiness of packet loss.

Any comments considered necessary by applicant must be submitted no later than the payment of the issue fee and, to avoid processing delays, should preferably accompany the issue fee. Such submissions should be clearly labeled "Comments on Statement of Reasons for Allowance."
